COUNCIL CHAMBER,
WELLAND, January 30th, 1891.

INSPECTOR'S REPORT OF THE HOUSE OF INDUSTRY.

To the Warden and Councillors of the County of Welland in Council assembled.

I beg to submit the following report as Inspector of the House of Industry for the year 1890 :

I regret I cannot report the cost per inmate at as low a rate for the past year as for 1889, owing to various circumstances, which are fully explained hereafter.

The number of visitors during the year was 466, all of whom appeared pleased at the appearance of and the way the institution was conducted.

The Keeper and Matron continue to devote themselves very energetically to the welfare of the institution, the Matron particularly, for the past year has had an extra amount of work owing to the very great difficulty experienced in getting servants, as they seem generally to have a very great objection to work at an institution of

this kind. Their wages will have been receiving \$3 a

Seven dollars in all since the

One female in the past year.

Dr. Charles the Home provided for under the generally, but for each inmate should not be. He also stated Wray boy to be was completely would be well and that there and expressed quired by the the clothing doing the same

this kind. The work is hard, and the hours are long, and good wages will have to be paid. We have now two colored girls, one receiving \$3 and the other \$2 per week.

Seven deaths have occurred during the last year, or 23 deaths in all since the Home opened.

One female has been sent to the Asylum at Hamilton during the past year.

Dr. Chamberlin, the Jail Inspector, paid us a visit and inspected the Home preparatory to recommending the grant of \$4,000 applied for under the Statute. He seemed well pleased with the institution generally, but thought the allowance, under the By-Law, too great for each inmate. He also stated that there were three or four who should not be there, as the Asylum would be a more proper place. He also stated that he had given an order for the admittance of the Wray boy to the Orillia Asylum as soon as the addition to the Asylum was completed. He also spoke of the water supply, and said it would be well to have a two-inch pipe laid for domestic use at least, and that there was no reason why prison labor should not be utilized, and expressed a wish that it could be, and that the extra clothing required by the Jail Regulations should be abandoned in so far that the clothing ought to be as sufficient as a laboring man would use in doing the same work, and no more.

The following particulars, required under the By-Law governing the institution, I beg to submit :

The foregoing report will no doubt astonish many members of Council, and for satisfaction generally, to know whether extravagance is within, I have requested the Keeper to make up a statement of the actual food consumed for the year. The articles taken are the same, as far as they go, as taken at the Jail to ascertain the cost of each prisoner, and are as follows for the year:

6649 Loaves Bread	\$307 81	Average Cost per week	\$ 5 92
9826 lbs. Meat	618 43	" " "	11 89
250 Bush. Potatoes	142 50	" " "	2 74

Groceries	227 41	" " "	4 37
Milk	200 00	" " "	4 00
Vegetables	52 00	" " "	1 00

Making the total cost per week \$39 82

The average number of inmates, with keeper's family and help added, being $50\frac{1}{8}$, would make the rate within a fraction of 80c. per week, or at an average of $42\frac{1}{8}$ per week for inmates would make the rate $94\frac{1}{2}$ c. per week.

Considering the provisions made for food for the inmates, the foregoing figures would not indicate any extravagance in the matter of food.

The above figures include 100 meals for the men while changing the heating, which have not been previously considered.

Any particulars omitted I should be pleased to supply upon being requested.

All of which is respectfully submitted.

REPORT OF COUNTY CLERK.

To the Warden and Councillors of the County of Welland, in Council Assembled—

GENTLEMEN: At the December session of Council I was instructed to make a return of Licenses issued by me from the year 1887, which I did, and paid to the Treasurer \$420 for the years 1887, 1888 and 1889.

I afterwards found that no return had been made for the year 1886. I reported the same to the committee to whom my report was referred at first opportunity, and I now report to you the same, including the year 1890.

I have deposited with the County Treasurer an acknowledgment of the same, payable on demand if you so direct.

For the present year thus far there have been Licenses issued to

John Weiss, Auctioneer.....	\$15 00
Marshall Bros., Pedlar.....	8 00

Which amounts I have paid to the County Treasurer, as I do not propose in future to be placed in so embarrassing a position as I have been.

The Committee at their meeting drew my attention to the Auditors' report since the year 1881 on Marsh Lands, and from the comparisons made there would appear to be deficiency on my part, which no doubt the Committee will more fully report. I have not had sufficient time to go fully into the matter since the December session, as for 10 years back means a large amount of labor.

If agreeable to the Council I would like the privilege of going carefully over the accounts since 1881 and report at June session, and then if thought well the books could be audited to verify my statements.

County Clerk, submitted to this Council at its regular session in December last, beg leave to submit this their report.

Your Committee find, in regard to monies received for auctioneers' and pedlars' licenses, that the Clerk reported to this Council in 1886 the fees received for 1884 and 1885, and paid the money for those years to the Treasurer, and that his report of December last is for the years 1887, 1888 and 1889, for which years he has paid the Treasurer. The omission of the year 1886 was first brought to the attention of your committee by the Clerk himself, who stated that the omission was inadvertent. There is still due from the Clerk on account of license monies the sum of \$164 as for the year 1886 and \$133 for the year 1890.

(Sgd.)

WM. BROWN.

H. G. MACKLEM.

In regard to the Marsh Lands accounts, your committee made a superficial examination of the Marsh Land books, but concluded that nothing could be learned from them except by a thorough audit, which your committee did not feel justified in making under the resolution appointing them.

Your Committee have gone carefully through the auditors' reports and minutes of the Council bearing on this matter, and find as follows :

That previous to 1881 the Auditors made no statement of assets. The auditors for the year 1880 accounts (E. R. Hellem and Priestman) state in their report that they do not consider a statement of assets and liabilities necessary, though admitting that it is called for by statute, giving as a reason that the County had no liabilities.

The Auditors for the accounts of 1881 (J. E. Morin and B. Rooth) give the assets and report Marsh Lands as

Mortgages outstanding Jan. 1st, 1882	\$14534 77
5000 acres Marsh Land at \$3	15000 00

Total	<u>\$29534 77</u>
-------	-------------------

The Auditors for accounts of 1882 say nothing about Marsh Lands, except that the sum of \$10,572.53 had been paid in to the Treasurer during that year.

In Dec., 1883, the Clerk reported that the amount still outstanding was.....\$10686 00
and that there had been paid in in 1883..... 10173 32
if we add to these amounts the payments in 1882..... 10572 53
we get a total of\$31431 85
to account for the Assets of 29534 77

given as on Jan. 1st, 1882, and showing that..... 1897 08
was received by the County by way of interest or increase of price of land on amounts outstanding during 1882 and 1883. The auditors for accounts of 1883 confirm this report made by the Clerk in December of that year.

In January, 1885, it was moved by Mr. Orchard, seconded by Mr. Emmett, "That the Clerk furnish this Council a statement of the mortgages on Marsh Lands, showing

1. The amount of the mortgages given.
2. The amount of instalments paid in 1884.
3. The number of Defaulters, if any.
4. If notices have been given Defaulters."

In response to this, the Clerk reported at the same session that the amount outstanding on Marsh Land Mortgages to different dates in 1884 was about \$10,000, and that the amount paid in during 1884 was \$2782.15. This latter included an amount of \$1225.20 paid to the County by the Government; and the sum of \$58.32 paid by one Misener on March 22nd was omitted, presumably in error.

Your Committee are of opinion that the claim against the Government was not considered as an asset by the auditors of accounts for 1883, and the auditors' accounts for 1884 allow that amount in credit of contingent account.

The auditors' report for 1884 says that there was paid the Treas-

shewing that the sum of \$850 20
was received by way of interest on the amount outstanding during
the year 1884.

The auditors of accounts for 1885 state that there was paid
Treasurer during that year

On Marsh Land accounts \$ 664 45
and give the amount outstanding as asset as 9851 00

giving a total of \$10515 45
as an accounting of asset of Jan. 1st, 1885, of 9920 93

shewing that the sum of \$594 52
was received by the County by way of Interest on amount outstand-
ing during the year 1885.

The auditors of accounts of 1886 report that there was paid the
Treasurer during that year

On Marsh Land account \$ 6509 45
and give the amount outstanding as asset as 2118 00

making a total of 8627 45
as an accounting for asset of Jan. 1st, 1886, of 9850 00

shewing that the sum of \$1222 55
had disappeared during the year 1886, together with interest on the
amount outstanding during that year.

The auditors of accounts of 1887 report that there was paid
Treasurer during that year \$ 1924 53

and give the amount outstanding as asset as 490 00

giving a total of \$2414 53
as an accounting for asset of Jan. 1st, 1887, of 2118 00

shewing that the sum of \$296 53

was received by the County by way of Interest on amount outstanding during the year 1887 of the asset of \$490 reported as outstanding as on Jan. 1st, 1888. Your Committee are unable to report that any portion of it has been paid to the Treasurer, as nothing further in regard to Marsh Land accounts appears in subsequent auditors' reports.

In June, 1887 the Warden (J. A. Orchard) stated to the Council that \$977.88 was paid in on Marsh Lands so far in that year, and that \$1200 was still outstanding. Taking the \$977.88 from the payments for the year as given by the auditors, leaves \$946.65, which deducting from \$1200 would leave the asset on Jan. 1st, 1888, as \$354 instead of \$490, given by the auditors.

Again, taking the asset of \$10686 as given by the Clerk in December, 1883, your Committee find that the total sum paid the Treasurer since that time is \$10713.70, from which it would appear that a sum about equal to all the interest on the amounts outstanding since that time is unaccounted for.

Your Committee further find that the lands valued in 1881 at \$3 per acre, or \$15,000, actually appear to have realized the sum of \$15,611, but that the following rebates have been made since 1884: On Dec. 5th, 1885, a rebate was made to one Shields for a shortage of 8 acres at \$5.37, being \$42.96, with interest from the date of purchase in 1855 to the 1st of June, 1885, at six per cent., being about \$120 in the aggregate.

On January 29th, 1886, a rebate was made to one Brown of Port Colborne of the difference between the amount then due by him and \$100 which he paid to settle.

On January 27th, 1887, a rebate was made to Peter Green of the difference between what was then due by him and \$124 which he paid to settle.

All of which is respectfully submitted.

To the Jail Committee, County of Welland:

GENTLEMEN: I respectfully beg to lay before you a statement of amount of work done by me in County buildings from July 1st, 1890, to date, being for labor only, to perform which I have used my own pipe and other tools without charge amounting to \$30.85, and with trade discounts on material purchased through me amounting to about \$30, making a total of \$60.85, the object being that having no further use for said tools and material of my own, outside of County buildings, I am desirous of disposing of these, and hereby offer same for sale to the County as per Inventory, below actual cost; all stock is new, also the tools, the most expensive of which was purchased in June last, and have not been in use outside of County repairs.

Should you decide upon purchase of these goods, I agree to do all plumbing and heating repairs in County buildings as heretofore

to the best of my ability, otherwise repairs will have to be done by outside mechanics at trade prices. You will see I have saved the County nearly the price asked the County for tools and material already. As regards the fuel for heating purposes, I expect to effect a saving of nearly \$200 this season, and have some fuel left over for next season.

MINISTER OF MARINE AND FISHERIES.

OTTAWA, CANADA, Jan. 9th, 1891.

DEAR DOCTOR—I beg to acknowledge the receipt of your note of 2nd instant, transmitting copy of resolution passed by the County of Welland relative to the injury caused to the fishery of Lake Erie by the use of pound-nets, and to assure you that this matter did not escape my attention.

The policy of the fisheries department has always been to curtail this mode of fishing as much as possible; and I am not aware of any serious injury having yet befallen the fisheries of Lake Erie on this account. No one is allowed to fish without a license. The fee is very high, and the issue of these licenses is limited to resident British Subjects.

I shall, however, be most happy to consider any specific complaint which the Council may deem it advisable to bring to my notice on this head.

Believe me, my dear doctor, yours faithfully,

To the Clerk of the County Council of the County of Welland—

The balance is made up by private subscriptions. The grants received from outside municipalities is only about sufficient to pay the interest on the mortgage on our property. We would be glad to be able to pay off this mortgage from outside aid. A number of municipalities have, for several years, responded liberally to this appeal. We trust this example will soon be followed by all others that have not as yet contributed to this fund.

There are some other matters to which we desire very respectfully to call the attention of your council, namely :

1. We regret to learn that there are still a number of counties in the province without a poor-house, and that in some of these counties the county jail is actually used as a poor-house. We trust this sad state of affairs will soon be remedied, and especially so as the Ontario Government has offered a bonus of \$4,000 towards the erection of such poor-houses.

2. We also regret to learn that in many of the jails there is very little work provided for the prisoners, there is no library, no regular religious instruction, and no local society for giving a helping hand to discharged prisoners. We trust that in due time all these serious defects will be remedied. We would also be glad to see better provision for the proper classification of prisoners.

We send you a few copies of our last annual report.

On behalf of the Prisoners' Aid Association.

WELLAND, Jan. 24th, 1891.

To the Warden and Council of the County of Welland—

GENTLEMEN—I hereby respectfully make application to be appointed a member of the County Board of Examiners for this County.

I am legally qualified for the position, and can safely claim a practical knowledge of teaching after fourteen years' experience in public and high schools. I also attended the Toronto Normal school one year, and passed the professional examination for 2nd and 1st class certificates.

I am, gentlemen, your obedient servant,

COUNTY CLERK'S OFFICE,
WOODSTOCK, Dec. 15th, 1890.

DEAR SIR—I have the honor, by direction of the Council of the County of Oxford, to enclose copy of petition to the Honorable the Legislative Assembly of the province of Ontario, praying "That no curtailment of the powers at present enjoyed by County Councils over the management of gaols be granted," and to request that you will lay the same before your Council with a view to their co-operation.

I have the honor to be, sir, your obedient servant,

(Sgd.) JAMES WHITE,
County Clerk.

To Jos. C. Page, Esq.,
Clerk of the County of Welland.

MEMORIAL RE MANAGEMENT OF JAILS.

To the Honorable the Legislative Assembly of Ontario in Parliament Assembled—

The Petition of the Municipal Council of the County of Welland

HUMBLY SHEWETH—

Whereas an effort has, according to the public press, been made by many of the Gaolers of the Province, through the Prison Reform Commission, to transfer the authority and control at present enjoyed by County Councils to the Government ; and

Whereas County Councils are compelled to pay very heavily to-

wards the maintenance of County Gaols, it would be a manifest unfairness to curtail the powers they at present enjoy.

Your petitioners therefore pray that your Honorable Body will make no change in the law as it at present stands, and thus protect what your petitioners conceive to be a fair adjustment of authority.

And your petitioners, as in duty bound, will ever pray.

Passed in Council this 28th day of January, 1891.

J. C. PAGE,
County Clerk.
